The media is working overtime with the Democrats to convince you that VOTER FRAUD didn't happen in the Election:

**CNN:** Williams Barr authorizes prosecutors to investigate voter fraud, despite lack of evidence

**USA TODAY:** Barr OKs investigations of voting irregularities despite lack of evidence of massive fraud

While the Lamestream media is covering up the TRUTH, Big Tech is wrongfully CENSORING our President and any conservative allies.

%%FirstName%%,

As I have long said, the success of a coronavirus vaccine would only be announced after the Election.

Pfizer and the others probably didn't have the courage to make this HISTORIC announcement before November 3rd, *because they hoped it would keep me from WINNING BIG.*

**The truth is, if Joe Biden were President, you wouldn't have the vaccine for another four years, nor would the U.S. Food and Drug Administration have ever approved it so quickly.**

**The bureaucracy would have destroyed millions of lives!**

All of this, and so much more, is what is at stake right now, %%FirstName%%. The Left is trying to STEAL this Election and RUIN all of our incredible progress.

You've always been one of my most loyal supporters, which is why I'm coming to you NOW.
